EMORY N. YARD, Mayor. *March 2 2 1896*

R. T. BOOTH, Esq., 23 East 20th St., New York.

DEAR SIR:—My absence from the city for the past two days prevented my answering your telegram of yesterday. You have my permission to say, that I believe "HYOMEI" to be one of the most wonderful cures for Catarrh and Throat trouble that has ever been discovered. In my case the effect has been marvelous (and I have not been as persistent in the use of the Inhaler as I should have been to have received the best results). I enclose you Money Order for \$2.00 for two Pocket Inhaler Outfits for friends of mine, to whom I have recommended it, and who I am anxious shall have the benefit of this most remarkable panacea.

*Very Respectfully
Emory N. Yard*

Hyomei is a purely vegetable antiseptic, and destroys the germs which cause disease in the respiratory organs. The air, charged with Hyomei, is inhaled at the mouth, and, after permeating the minutest air-cells, is exhaled through the nose. It is aromatic, delightful to inhale and gives immediate relief. It is highly recommended by physicians, clergymen, public speakers and thousands who have been helped and cured.

Pocket Inhaler Outfit, Complete, by Mail, \$1.00, to any part of the United States. To all foreign countries add \$1.00 for postage. Outfit consists of pocket inhaler, made of deodorized hard rubber, a bottle of Hyomei, a dropper, and full directions for using. If you are still skeptical, send your address; my pamphlet shall prove that Hyomei cures. Are you open to conviction? Extra bottles of Hyomei inhaled by mail, or at druggists, 50 cents. Hyomei Balm, for all skin diseases, by mail, 25 cents. For sale by druggists generally. Your druggist has "Hyomei" or can get it for you if you insist. Don't take a substitute.

Hyomei is a purely vegetable antiseptic, and destroys the germs and microbes which cause diseases of the respiratory organs.

The air, thoroughly charged with Hyomei, is inhaled through the Pocket Inhaler at the mouth, and, after permeating the minutest air cells, is slowly exhaled through the nose. It is aromatic, delightful to inhale, inexpensive, and gives immediate relief. It stops all spasmodic coughing instantly, clears the voice, expands the lungs, and increases the breathing capacity.

DEAR SIR: I sent you one dollar about ten days ago for one of your pocket inhaler outfits. It came to hand last Friday morning.

Mrs. Honey had been suffering severely for three weeks daily with asthma. As soon as the inhaler came she began using it, and after a few inhalations the asthma ceased, and now (Tuesday) it has not returned. She has had this trouble ever since she was seven years old, and is now forty, and we have spent hundreds of dollars in search of relief, purchasing everything we saw advertised. When you consider all this, I think it is the most remarkable thing that once using the inhaler should remove the trouble entirely.

Very truly yours,

(Rev.) GEORGE W. HONEY.
